bringing together academics and professionals this edited collection considers key issues in current criminal justice policy and practice related specifically to women to answer the important question are women being failed by the criminal justice system in a landscape where women s involvement in the criminal justice system still tends to be ignored or lost in discussions about men contributors place special emphasis on women as both victims and offenders the chapters cover a wide range of topics relating to women and crime including violent and sexual victimisation violent offending sentencing and punishment and rape myths since the peak of feminist criminal justice scholarship in the 1990s the place of women in the criminal justice system has arguably slipped down the agenda and the authors of this collection draw on original research to make the compelling case for a swift remedy to this drawing on recent academic studies and professional experience to set an agenda for future research as well as legal and policy reform this book injects new life into the dialogue surrounding women and the criminal justice system innovative and timely this collection of essays holds broad appeal to academics and practitioners as well as students of criminology criminal justice and law and all those with an interest in feminism justice and inequality

young black people and the criminal justice system second report of session 2006 07 vol 2 oral and written evidence

the volume includes a set of selected papers extended and revised from the i2009 pacific asia conference on knowledge engineering and software engineering keso 2009 was held on december 19 20 2009 shenzhen china volume 1 is to provide a forum for researchers educators engineers and government officials involved in the general areas of computer and software engineering to disseminate their latest research results and exchange views on the future research directions of these fields 140 high quality papers are included in the volume each paper has been peer reviewed by at least 2 program committee members and selected by the volume editor prof yanwen wu on behalf of this volume we would like to express our sincere appreciation to all of authors and referees for their efforts reviewing the papers hoping you can find lots of profound research ideas and results on the related fields of computer and software engineering

restorative justice has developed rapidly from being a barely known term to occupying a central role in debates on the future of criminal justice but as it has become part of the mainstream of debate so new tensions and issues have emerged one of the most crucial issues is to find an appropriate combination of restorative justice based essentially on informal deliberation and the law the purpose of this book is to analyse the several dimensions to this issue it explores the social and ethical foundations of restorative justice seeks to position it in relation to both rehabilitation and punishment and examines the possibility of developing and incorporating restorative justice as the mainstream response to crime in terms of the principles of constitutional democracy amongst the questions it addresses are the following how are informal processes to be juxtaposed with formal procedures what is the appropriate relationship between voluntarism and coercion how can the procedures and practices of restorative justice be combined with legal standards safeguards and precepts how can one balance restorative responses with legally sanctioned punishment in this book a distinguished team of contributors consider this crucial set of relationships between restorative justice and the law building upon papers and discussions at the fifth international restorative justice conference in leuven belgium in september 2001 restorative justice

has grown rapidly throughout the world this book addresses the central issue of relationship of restorative justice to existing law and legal systems chapters from world leading authorities

the royal financial administration and the prosecution of crime in france 1670 1789 explores the french monarchy's role in financing criminal prosecutions in the royal courts of the realm the payment of criminal *frais de justice* in the vocabulary of the *ancien régime* between 1670 and 1789 that is from the codification of criminal judicial procedure in the early period of louis xiv's personal rule to the outbreak of the french revolution the subject brings together three areas of scholarly inquiry criminal justice royal administration and the management of the crown's finances a central goal of the study is to provide factual information and interpretive insights on each of these topics and to explain the relationship of each to the others over a long time period the book contributes to existing scholarship in four ways first although each of the major dimensions of the inquiry the operation of the criminal justice system the conduct of the royal administration and the management of the monarchy's finances has a large and increasingly sophisticated historical literature this is the first study to combine them in a systematic way second the long time period covered in the book not only enables the historian to distinguish gradual from rapid change but it also allows the reader to view how the system functioned in different historical contexts third the study is based on archival sources throughout france this comprehensive approach permits the identification of elements of a common experience without sacrificing attention to important aspects of regional diversity finally with respect to the sources themselves the range is broad encompassing regulatory acts and decisions of the king's councils administrative correspondence at the central regional and in some cases local levels financial accounts and related papers and court records from the major appellate courts and from several lower courts as well an appendix of 33 tables lists figures of annual expenditure and other pertinent financial operations for each of the major financial districts of the kingdom

the emergence of the social sciences established in the mid to late nineteenth century had a substantial bearing on how researchers academics and eventually the general public thought about criminal behavior using modernism as a lens stephen brauer examines how these disciplines shaped americans understanding of criminality in the twentieth century and how it provides a new way to think about culture social norms and ultimately laws in theory laws act as articulations and codifications of a community s beliefs values and principles by breaking laws criminals help us reinforce social norms by providing the opportunity to affirm what is believed to be right by operating outside the bounds of acceptable behavior the criminal serves as a useful figure to understand what is at stake in the culture what the central issues of that culture might be and what the fears and anxieties are criminality serves as a lens through which we can read ourselves and how the criminal operates as a cultural figure signifies the things we are negotiating in our lives and in our communities brauer focuses on two main concepts central to the very concept of modernism to explore criminality contingency the idea that the individual might not be in control of their own deviance and agency the notion that the criminal makes a conscious choice to use crime as a means of economic success the figure of the criminal is a powerful one and is key to exploring american twentieth century culture this book would be of interest to students and scholars in criminology sociology cultural studies literary studies history and many others
